VOL. LIV — OAKLAND, CALIFORNIA, MONDAY EVENING, JULY 29, 1901 — NO. 165

CHAIRMAN BURTON TRIES TO KNOCK TIDAL CANAL.

SENATOR PERKINS SENDS A STRONG TELEGRAM TO SECRETARY OF WAR ROOT ASKING HIM TO APPROVE THE CONTRACT.

An interesting story has just come from Washington, D. C., to the effect that Congressman Burton, chairman of the Rivers and Harbors Committee of the House, has sent a letter to the Secretary of War requesting him not to approve the contract or the bond of the company selected to dredge the Tidal Canal until he, Burton, can have a say in the premises.

It is also said that Mr. Burton knocked the Tidal Canal to the Secretary and claimed that the work was not necessary and that it was simply a benefit proposition to give Alameda a sewer outlet. The information comes that Mr. Burton is against the canal and wants to knock it out.

His protest has stirred up Senator Perkins and Congressman Metcalf. The former today sent the following telegram to Washington:

"San Francisco, July 26, 1901."

"Hon. Elihu Root, Secretary of War, Washington D. C.—Contract for excavating the Tidal Canal, Oakland Harbor, has been signed by the contractors and forwarded to your department for approval.

'The contractors have been to great expense in preparing to do the work which, as you are aware, was authorized by Congress, and an appropriation made for the same.

"I believe with the people of Oakland and Alameda that a speedy construction of this canal is in the interest of the public service.

"I trust you will find it consistent with your views to authorize the approval of the contract.

"GEORGE C. PERKINS."

It is understood that Congressman Metcalf will send a like telegram as soon as he returns from the country.

ROBERT GRAYSON'S WILL FILED FOR PROBATE.

SAN FRANCISCO, July 29.—The will of Robert R. Grayson was filed for probate this afternoon by Attorney Eugene Lent. The estate is valued at about $60,000.

The complete testament is as follows:

SAN FRANCISCO, Cal., Mar. 10, 1901.

I, R. R. Grayson, being of sound and disposing mind, do hereby make, publish and declare this to be my last will and testament.

I first wish all my just debts to be paid.

To my dear friend, Jennie Carmen Dunphy, I bequeath all the jewelry, pictures and bric-a-brac of which I die possessed, except such as are otherwise bequeathed herein, as a remembrance of our close and enduring friendship.

To my friend, Daniel T. Murphy, I bequeath my small collection of gold coins as a remembrance of our many years of warm friendship.

To my friend, H. H. Veuve, as a like friendly remembrance, I bequeath my scarfpin containing a moonstone surrounded by small diamonds and sapphires.

To my friend, Alexander Hamilton, I bequeath my library, with the hope that he will get many hours' instruction and amusement therefrom.

To my friend, Rev. John E. Cottle, pastor of St. Briget's Church, Van Ness avenue, San Francisco, I bequeath the sum of five hundred dollars ($500).

To my old and faithful Chinese servant, Wong Gam, known as Sfm, I bequeath the sum of Five Hundred Dollars ($500).

All my wearing apparel and personal effects, not otherwise disposed of I leave to my dear mother to make such disposition of a she may see fit.

In case that the firm of "Ralston and Grayson" of which I am a member shall be indebted to any one at the time of my death, I desire that so much of my property as may be necessary and required shall be used for paying up such indebtedness in full, and that for his share of such indebtedness my partnerr, Mr. W. C. Ralston, shall make and execute his promissory note to my trustee, bearing interest at the rate of five per cent (5 per cent) per year and payable five years after date.

This promissory note and such other property of every kind of which I die possessed I give and bequeath to my dear friend Mr. Eugene Lent of San Francisco, in trust nevertheless for the following uses and purposes:

All such property shall as soon as possible be reduced to cash wherever it can be so reduced without great sacrifice, and this cash be invested in interest bearing securities. In case, however, that my partner, Mr. W. C. Ralston, shall require the use of any money in his business, either to wind up the affairs of Ralston & Grayson or for other purposes, I hereby desire my said trustee to loan to said W. C. Ralston, the sum of five thousand dollars ($5,000), upon his demand, to be secured by his promissory note dated not more than five years from its date and bearing interest at the rate of five per cent (5 per cent).

Said securities and all interest received from them shall be kept and held by my said trustee until the death of my father. Upon the death of my father all the accrued interest shall be paid to my dear mother, and thereafter during her lifetime she shall be paid all the interest from my estate as it falls due and is paid.

Upon the death of my dear mother or upon my father's death, in case he shall survive her, I desire that all the property remaining in the hands of my said trustee shall be divided between my dear sisters, Mary Grayson Hinckley and Georgia Grayson Ralston, share and share alike.

I have intentionally omitted mention of my dear father, in this my last will, as a legatee, as the little I will probably leave will be of no use to him whatever.

I hereby appoint my good friend, Mr. Eugene Lent of San Francisco, as executor of this my last will and testament, to serve without bonds, and I invest him with full discretion in regard to any investments herein directed to be made, and he shall be accountable to no one for the exercise of such discretion.

R. R. GRAYSON.

WILL PROBABLY VOTE TO BUY HAYWARDS LINE.

It is understood that the directors of the Realty Syndicate will hold a meeting late this afternoon and accept the proposition to buy the Haywards Electric line from William G. Henshaw of the Union Bank of Savings.

FIFTEEN THOUSAND MAY GO ON STRIKE TOMORROW.

SAN FRANCISCO, July 29.—The San Francisco Post tonight says that 15,000 men on the water front may go on a strike tomorrow if a settlement is not reached this afternoon. The City Front Federation, it is declared, is ready to take action.

UNCLE SAM HOLDS GREAT LOTTERY.

FEDERAL GOVERNMENT DISPOSES OF 13,000 QUARTER SECTION CLAIMS.

One Hundred and Sixty Thousand People Play Game of Chance.

EL RENO, O. T., July 29.—One of the greatest lotteries in history, that conducted by the Federal Government in disposing of 13,000 quarter section claims in the Kiowa-Comanche reservations, was begun here this morning. No public event in years in the Southwest has attracted so much attention as this one—the initiation of a new method of disposing of Government lands.

One hundred and sixty-seven thousand persons, each with one chance in thirteen of winning a homestead, watched the event here in reality, or at a distance, for the applicants come from every State in the Union.

Drawing in the Open.

The drawing took place on a platform built for the purpose in the open air a few blocks from the center of El Reno. Situated at the foot of several small hills which formed a perfect ampitheater, the platform was the cynosure of thousands of eyes. People occupied almost every inch of the space around about and every movement of the Government officials on the small space below was watched with the most intense interest.

Fifteen Thousand on Hand.

El Reno yesterday cared for fully 15,000 people, and the trains that came in during the night and this morning swelled this crowd to fully double that number. Hundreds of others are still bound this way. Sunday was spent quietly. But as night came on and the hour for the actual drawing approached, men and women, many of whom had waited patiently for months for the morrow's event, or had come thousands of miles at the last moment to participate in it, became anxious. Worn out with days of hardships and nights of poor accommodations, they were keyed to a high tension, but withal the thousands were cheerful and hopeful. Every one seemed confident that his would prove the lucky number.

Out All Night.

Thousands of others had gone home

FRESNO MAN PASSED AWAY IN OAKLAND.

FRESNO, Cal., July 29.—Word has been received of the death from heart failure last night in Oakland, Cal., of W. M. Gill, a pioneer citizen and prominent as an osteopath. He published a newspaper in his home town of Kirksville, Mo., founded the Leader of Lemoore, Tulare county, also the Fresno County Populist, and under the early regime of A. B. Butler edited the defunct Fresno Expositor. He has a son here in practice.

CONDITION OF DOWAGER EMPRESS NOT SATISFACTORY

CRONBERG, July 29.—As a result of Prof. Renvers' visit from Berlin it is officially announced that the condition of the Dowager Empress Frederick is not satisfactory. Her Majesty has not left her apartments for the last few weeks and though medical bulletins have not been issued, they may be soon anticipated. Princess Henry of Prussia has been at the Castle on a flying visit.

DIED AT HIS HOME IN CITY OF SANTA CRUZ

SANTA CRUZ, July 29.—Jesse Cope died here last night. He was a native of Missouri, aged 54. He came to California in the early days. Mr. Cope was formerly a prominent merchant here, had served this county as sheriff and as a member of the Assembly.

ALL ARE WORKING FOR PEACE.

STEEL MAGNATES AND LABOR LEADERS WILL MAKE COMPROMISE.

Both Sides Seem Anxious to Have the Strike at an End.

PITTSBURG, Pa., July 29.—Pittsburgers generally express the greatest delight in anticipation of the settlement of the steel strike, and no one seems to have the slightest doubt that the negotiations for peace will result in a cessation of hostilities. The weather has been very hot and the men look upon the last month as a vacation during the heated term. Working under the severe strain of the oppressive heat lately would have been an unusual hardship at best and the men think that on this account perhaps, many lives have been saved by the strike.

So far as the mill people are concerned, they are in better condition now than before the strike. Many of their mills have been repaired and are now ready for work.

Shaffer Is Silent.

President Shaffer and Secretary Williams were both at the Amalgamated headquarters early this morning. They still maintained their position of secrecy, however, and beyond admitting that a call had been sent out last night to all the members of the Executive Board for a meeting to be held in this city tomorrow morning, refused to give any information as to the probable settlement of the strike. To all questions President Shaffer replied that he had nothing to say, but in a friendly talk of some length he conveyed the idea that newspaper men would little longer be following him and watching his movements.

Will Agree on Settlement.

From this it is believed that President Shaffer is satisfied that the Executive Board will agree to the proposition that he will present. With the approval of his recommendations, a joint meeting could be held and a settlement effected. The moment that the common ground for negotiations on such a question as this one is found, it is believed there will be little difficulty in getting down to a general agreement which will bring peace with it.

Secretary Joseph Bishop, of the Ohio Board of Arbitration, reached the Amalgamated headquarters about ten o'clock and the newspaper men were requested to leave the room. Behind closed doors a conference between President Shaffer and Secretary Bishop is now being held.

Steel Men Want Settlement.

There remains little doubt but that officials of the United States Steel Corporation are now as anxious to have the big strike settled as are the strikers. During the last week a number of contracts intended for and practically let to mills of the combine, were shifted to independent mills, with rush clauses attached.

Matters of the prospective settlement are being carefully guarded by all parties concerned, but from a source believed to be reliable, it is said that Mr. Morgan proposes to permit the Amalgamated Association to continue its union lodges in the mills that were non-union previous to the strike, but which went out on President Shaffer's strike order.

The United States Steel Corporation is to be permitted to operate all of the mills of the Carnegie Steel Company as they are now operated, as well as the big sheet mills at Apollo, Vandergrift and Saltsburg, provided the wages paid shall be on the same basis as the mills where the union scale is signed.

WILL OCCUPY THE BARRACKS MANY YEARS.

LONDON, July 29.—The Shanghai correspondent of the Globe, cabling today, says:

"The assurances given in the House of Commons (July 23d) by Lord Cranberne (The Under Foreign Secretary), that the French and German troops are only temporarily, are refuted by the fact that both nationalities are erecting massive, permanent barracks, which will take two years to complete, indicating that many years' occupation are contemplated."

WOMEN AND MEN WAYLAID AND BEATEN.

M. J. Silva and wife, M. G. Goularte and a small child were waylaid last evening near Alvarado by Antone and John Silva and badly beaten. Warrants were issued today for the arrest of the assailants.

Antone and John Silva are brothers. They reside at Haywards. A few days ago they were discharged from a threshing crew. They blamed M. J. Silva of Eden township as being instrumental in having them discharged. Last evening M. J. Silva and wife, M. J. Goularte and a small child were driving in a wagon from Mt. Eden to Alvarado. A short distance from the latter place the Silva brothers attacked the party. M. J. Silva and Goularte defended themselves as best they could, but they were very badly bruised and battered before their assailants stopped beating them. Mrs. Silva was also battered while she was attempting to assist her husband.

One of the assailants was arrested last night. He pleaded guilty of assault and was fined $10 by Justice Richmond.

Today warrants were issued charging both of the assailants with battery upon each member of the party that was in the wagon.

PROF. POND A SUCCESS AT THE HIGH.

BRINGS ABOUT HARMONY AT THE EDUCATIONAL CENTER.

Teachers and Children Gave Him Flattering Reception This Morning.

The opening of the Oakland High School has been made under very auspicious circumstances. There is harmony between not only the teachers and the new administration, but also between the principal and scholars. This morning there was a full attendance of pupils and everything proceeded like clockwork. There was no confusion in any of the departments, each scholar being rapidly assigned to his proper place. By 10 o'clock this morning one-half of the entire number of pupils had been assigned to their respective rooms and lessons given out for the following day. By 12 o'clock the entire number, which approximates 800, was disposed of and everything put in readiness for actual work tomorrow.

In speaking of the fine showing made Principal Pond said: "The school is crowded, but not uncomfortably so. Last year there were several vacant rooms. This year there will not be any. The increase in attendance over last year can be roughly estimated at 250. We will need two more teachers than are included in our present force, this being made necessary by the resignation of two of last year's teachers whose positions still remain vacant.

"The thing that I would most strongly commend is the presence of harmony between teachers, scholars and the new management. The attitude of the students as well as that of the teachers has been very fine, and I wish to make this statement in appreciation of the existing harmony. I look forward to a year replete with success, and if nothing arises to mar the present prospect Oakland can certainly boast of having had one of the most prosperous school years it has ever experienced."

ALBERT E. CRANE PASSES AWAY.

Was a Pioneer of Alameda County—Once a Partner of W. M. Whidden.

DECOTO, July 29.—Albert E. Crane, aged 74 years passed away Saturday evening at the home of his son, C. C. Crane.

Mr. Crane had been ailing for some days and his death was not unexpected. He was one of the best known pioneers in Alameda county.

Between 1855-60 Mr. Crane conducted a business at Alvarado when that town was the capital of Alameda county. Subsequently in 1865 he became the partner of William Whidden, father of Deputy County Auditor Myron Whidden and together they owned large tracts of land in this county. During the latter years of his life Mr. Crane has been in the real estate business in San Francisco.

He was a brother of the late A. M. Crane at one time Superior Judge of this county and also Emerson Crane now a resident of San Lorenzo.

Mr. Crane had a host of friends throughout Alameda county. He was generous to a fault and charitable towards all.

He leaves two sons, Harry H. and Carlton C. Crane. The latter is the popular Pacific Coast agent of the New New York Central lines.

SEC. LONG SAYS THE OFFICERS MUST NOT TALK.

WASHINGTON, July 29.—Secretary Long this morning issued the following general order:

"All persons in the naval service are strictly enjoined to refrain from any public statement concerning the subject matter of the court of inquiry requested by Rear Admiral W. S. Schley.

FIRE DESTROYS SOME RICHMOND BUILDINGS.

RICHMOND, Ind., July 29.—Fire today destroyed several buildings in the business portion of the city, valued at $35,000; partially covered by insurance.

STIPULATIONS IN THE LOS ANGELES WATER CASE

LOS ANGELES, Cal., July 29.—The stipulations prepared by City Attorney Matthews and the legal representatives of the Los Angeles City Water Company were submitted to the Council this afternoon. The stipulations cover twenty pages of typewritten manuscript. They make but one change in the proposition originally agreed to, and that is that the water company shall pay the taxes on the system until the bonds have been voted on. The taxes amount to about $2,500 a month. If no unforeseen obstacle arises the bond election can take place in about three weeks.

TRYING TO SETTLE THE STRIKE ACROSS THE BAY.

MEETING IS IN PROGRESS IN MAYOR PHELAN'S OFFICE AND BOTH SIDES WILL HAVE A HEARING.

SAN FRANCISCO, July 29.—Reports from the headquarters of the various disputants in the industrial controversies show that the lines of contention remain pretty much as they were drawn a week ago, when the union teamsters joined the army of the voluntarily unemployed.

Chief Sullivan's cavalry turned out this morning for escort duty and all day day have been convoying the freight conveyances driven by non-union men. There have been no serious disturbances of the peace, but the men who took the seats made vacant by the strike are subjected to considerable badinage by the strikers and their sympathizers.

Porters and Packers Work.

It was expected that the fight would have involved the Packers and Porters this morning, but, thus far there has been no cessation of labor on the part of those men. A number of them have been dismissed because they preferred quitting work to relinquishing their unionism.

Sullivans' Cavalry Out.

The Packers, Porters and Warehousemen Protective Union held a meeting yesterday afternoon at which they decided to refer their grievances to the City Front Federation and abide by the decision of that organization. It is expected that the verdict of the Federation will be ready for delivery at a meeting of the Packers and Porters'

TWO THOUSAND ARE REPEATED.

EL RENO, O. T., July 29.—It was announced today that in tabulating the registration it was apparent that more than 2,000 "repeaters" had registered at the various booths, many giving the identical name, address and personal description. All of these were thrown out and the applicants will not have even the one chance they were originally entitled to. It is also reasonably certain that many others registered under different names. They will be ferreted out when filings are made. Besides these it is reported on good authority that the registration officers have thrown out hundreds of applications illegibly written and which it is presumed the rules will exclude, from the Lawton district, where most of the homesteaders came from Texas, Arkansas and the Indian Territory.

WOMAN BEATS WORLD'S RECORD.

LOS ANGELES, July 29.—The world's record for big fish taken under club specifications with rod and reel, was smashed at Catalina Island, Saturday, by Mrs. A. W. Barrett, wife of the president of the Tuna Club. Her catch was a 416 pound jewfish, measuring 7 feet in length and 5 feet 8 inches in circumference, and was brought to gaff in 3 hours and 5 minutes.

DEFENDANTS IN A SUIT ARE PROMINENT.

SPOKANE, Wash., July 29.—Jos. H. Boyd, a stockholder in the Kettle Falls Land and Improvement Company, has brought suit to have a receiver named for the company and the corporation dissolved, charging many irregularities in the management.

Importance is added to the suit by the prominence of the three trustees, who are made defendants, Senator Geo. Turner, Col. W. D. Turner and Col. I. N. Peyton.

Parents Are Grateful.

We, the parents and brothers of the late August Gansberg, wish to extend our most heartfelt thanks to all those who so kindly assisted us during our late bereavement, and especially to the E. C. Fellows Lodge, No. 142, B. of L. F.

FREIGHT TRAIN IN A WRECK.

LOS ANGELES, Cal., July 29.—An eastbound extra freight on the Southern Pacific was wrecked this morning just inside the city limits. Seven cars loaded with raw sugar left the track, two were telescoped and for five hundred yards the track was badly torn up. The accident was caused by the breaking of a flange on one of the cars. The Owl and overland from San Francisco were delayed several hours but most of the passengers made their way to neighboring street cars and came into the city that way. No one was injured in the wreck.

OLD MAN IS KILLED BY TRAIN

REDDING, Cal., July 29.—Charles Holmes, a miner aged 72 years, without family, was struck by the California Express today and died a few hours later. During a few conscious moments he said he fell or was pushed from the train but no ticket was found on his person and local merchants are prepared to swear that the decedent traded with them in Redding shortly before the arrival of the train.

THREE CASES OF SMALLPOX.

An Entire Family is Stricken With the Dread Disease.

Three new cases of smallpox were reported to the Board of Health yesterday and today.

The cases are all confined to the family of W. E. Lohr, residing at 1623 Thirteenth street. Three young children are afflicted, they having caught the contagion from their father, who has been ill of the dread disease since July 18th.

A peculiar circumstance connected with the case was the refusal of the mother to have her children vaccinated while the father was lying sick with the disease. She declared the illness from which her husband was suffering was not smallpox, and refused to permit her children to be vaccinated by the attending physician. Just nine days after the father was taken sick two of the children broke out and a day later the third child gave unmistakable evidence of having contracted the disease.

The health authorities have quarantined the residence.

Union, which has been called for this evening.

Teamsters at Work.

At the headquarters of the Draymen's Association it is claimed that the fight against the union teamsters is as good as won. Twenty-five additional teams were sent out this morning in charge of non-union drivers, and there were many applicants for positions which could not be filled with police protection. The policemen who did escort duty last week worked many hours a day and are rather badly fagged, and it is believed that Chief Sullivan will be requested to suplant them with fresh men.

To Meet in Phelan's Office.

Meantime there is no relaxation of effort on the part of those citizens who desire to have the strike brought to a peaceful settlement as soon as possible. Mayor Phelan has invited the members of the Municipal League conciliatory committee, representatives of the labor unions involved and the officers of the city's commercial organizations, to meet in his office at the City Hall this afternoon and make another effort to have the dispute arbitrated.

J. P. Morgan's willingness to confer with the striking steel workers in the East has encouraged local advocates of arbitration to continue their crusade.

OAKLAND TEAMSTERS GET ONE DAY MORE

The status of the move of sympathy on the part of local teamsters with the striking teamsters of San Francisco has not changed since Saturday night.

It was supposed that the Express and Draymen's Union would today resume the hauling of all kinds of freight and other material to and from San Francisco, as was the case before last Thursday, when the union in question ceased temporarily from hauling anything save household furniture and baggage.

The resumption of the old business was prevented, today, by the expressmen granting the request of the teamsters for a truce of another day. This request was made with the hope that the difficulty in San Francisco might be settled before tomorrow.

As a consequence, only a few of the wagons of the several local transfer companies are in operation today.

The local dray and expressmen, however, have all their teams in use because they have little occasion to handle much of the material objected to by the striking teamsters.

If a settlement is not effected today in San Francisco, local teamsters will have to determine, tonight, as to whether or not they will work tomorrow for local express and draymen who are unwilling to recognize the strike in San Francisco.

STEEL MANAGERS WILL NOT TALK.

NEW YORK, July 29.—The officials of the steel companies now here preserve silence as to the conference of Saturday between the leaders and the possibility of a settlement. President Schwab was at his office as usual today, but declined to talk about the conference or the prospective settlement. J. P. Morgan is believed to have gone to Bar Harbor.

UNCLE SAM HOLDS GREAT LOTTERY.

(Continued From Page 1.)

immediately after registering, content to wait news of the result by telegraph. Hundreds remained awake, walking the streets or vainly gazing at the drawing platform and discussing again and again the merit of the particular claim on which they intended filing when their lucky number should be announced. Many lay down and slept on the ground around the platform, to be sure of an advantageous position when the first number should be called out, or to remain, perhaps, until late in the evening, when the last of the one thousand envelopes to be drawn today should have been picked from the wheels of fortune. The first break of dawn found everyone on the alert and moving with a common impulse toward the all-important point. All had been in readiness for hours.

Preparing for Details.

The government clerks finished the task of placing the envelopes of the applicants in envelopes and of tying them in bundles ready to be placed in the wheels, and the wheels had been tested for the last time yesterday afternoon. The only detail that remained was the selection of the ten persons who should perform the actual drawing of the oblong receptacles. They were young boys of good families and were named at the last moment. They were all under age and persons who have not registered for claims.

The day opened cloudy, but pleasant, with indications of fair weather for the first nine hours of the drawing.

A Woman Wins.

KANSAS CITY, Mo., July 29.—A special to the Star from El Reno, O. T., says:

The placing of the envelopes in the wheels proved slow work and the actual drawing was delayed over two hours.

The first envelope taken from the wheels contained the name of Jas. R. Wood of Weatherford, O. T., who had registered for a homestead in the Lawton district.

Mattie H. Beals of Wichita, Kas., whose birthplace is in Missouri, drew No. 2, also in the Lawton district.

The multitude went frantic over the announcement, but became quiet instantly and listened intently to hear the name of the other fortunates. Without doubt Wood and Miss Beals, who thus have the right to make the first filings, will select the two quarter sections adjoining the Lawton townsite district and which are believed to be worth $40,000 each.

When Col. Dyer, the Commissioner, in thunderous tones, announced the woman's age as 23, her height the same as that of Mr. Wood, twenty thousand persons shouted in chorus: "They must get married."

Number one in the El Reno district is Stephen A. Holcomb of Pauls Valley, I. T., and No. 2 is Leonard Lamb of Augusta, O. T.

OPENING DAY AT MELROSE COURSE WAS A SUCCESS.

MANY EXCELLENT CONTESTS AT THE NEW PARK—PROGRAM WAS CARRIED OUT WITHOUT A FLAW—EVENTS IN THE FUTURE.

The opening of the Coursing Park at Melrose, Saturday, was most auspicious, but the success of the first day was immeasurably exceeded by that which attended the entertainment of yesterday.

The weather was delightful. It was contrasted, by the spectators, with the raw winds which they knew were prevailing in the rival park on the other side of the bay. The grand stand and the space in front of the betting boxes were thronged with people, among whom could be noticed persons from San Francisco, as also from every town in the county. So numerous, indeed, were the spectators that the management has decided to enlarge the grand stand and increase the width of the area in front of the pavilion.

The first course was run at 11 o'clock in the morning. Just immediately before the second tie, there was a cessation for twenty minutes, for lunch. Courses were then resumed and continued without intermission until immediately before the final course, when a short respite was indulged in.

The work yesterday was the closing of the open stake which began on Saturday. There were 48 entries. The prizes were large and liberal enough to attract the owners of some of the best hounds in the State, the chief prize being $100, the other prizes ranging downward to $5.

The first prize went to Talked to Me, the second, of $70, went to Golden Garter, the third, of $40, to Grafter. The next three dogs received $20 each, the following six, $15 each, the succeeding twelve, $10 each, and the twenty-four next, $5 each. Thus the owners of forty-eight dogs went home winners.

PATRONS.

Among the dog-fanciers represented were: Jas. Hurley, W. Kay, Capt. Clarkson, W. H. Kent, H. Lynch, O. Zahl, Wm. Cairnes, Capt. Kane, Pasha Kennels, Ed Neave, J. Maher, S. A. Smith, J. Holden, E. Baumeister, J. O'Shea, P. Brophy, J. S. O'Brien, P. Jackson, E. Gilbert, J. J. Edmonds, G. Inglehart, G. W. Hammell, F. Schou, Wm. Cairnes, J. Holden, J. Markland, J. Woods, C. O. Peterson, J. Caveney, T. Logan, Wm. H. Robins, E. D. Fallon, J. H. W. Muller, A. Vandenburg, T. Tierney

In the first tie, Grafter beat Jessica, 7 to 6; Golden Rule beat Cliff Wilson, 8 to 2; Silver Cloud beat Juliet, 12 to 4; Alden Girl beat Miss Grizzle, 7 to 5; Lily of the West beat Lady Nell, 3 to 0; Random Aim beat Cruiser, 5 to 2; Royal Anne beat Naughty Girl, 7 to 5; Tea Rose beat Wandering Tom, 9 to 4; Warrior beat Golden Age, 10 to 5; Benicia Boy beat Statesman, 4 to 0; Honor Bright beat Warco, 6 to 3; Get On beat Jewess, 17 to 4; Talked to Me beat Victor Queen, 8 to 4; Daisy Clair beat Eager, 5 to 3; Pepita beat Hawes, 10 to 6; Flower of Gold beat O. K. Capitol, 7 to 3; Lilac beat Whiskey Hill, 7 to 4; Golden Garter beat Miss Wilson, 12 to 7; Imperial beat Master Davenport, 4 to 0; Roman Athlete beat Spiteful, 8 to 4; Sylvanus beat Emma M., 8 to 5; Scottish Chief beat Shylock, 6 to 3.

SECOND TIE.

Second Tie—Grafter beat Golden Rule; Silver Cloud beat Alden Girl; Random Aim beat Lily of the West; Royal Anne beat Tea Rose; Benicia Boy beat Golden Age; Warco beat Go On; Talked to Me beat Eager; Daisy Clair beat Gladys Weller; Flower of Gold beat Pepita; Golden Garter beat Lilac; Roman Athlete beat Imperial; Scottish Chief beat Sylvanus.

Third Tie—Grafter beat Silver Cloud; Random Aim beat Benicia Boy; Royal Anne beat Warco; Talked to Me beat Flower of Gold; Golden Garter beat Daisy Clair; Scottish Chief beat Roman Athlete.

Fourth Tie—Grafter beat Random Aim; Talked to Me beat Royal Anne; Golden Garter beat Scottish Chief.

Fifth Tie—Talked to Me beat Grafter; Golden Gate beat Petronious a bye

Final—Talked to Me beat Golden Garter.

There were only comparatively few of the courses which were not interesting from start to finish. Some of them were exciting and worked up the spectators to expressions of generous enthusiasm. In several instances, the relief dog, named Maud, was sent out to save the hounds in their efforts after a fleet-footed and resourceful hare, but the game was quarried before she reached the scene.

The hares were in excellent condition. They were strong and fleet. During this week, however, the hares on hand will be allowed the freedom of the grounds, and, by Sunday next, they will have so familiarized themselves as to make the hounds work to achieve their honors.

The course itself is a model one. The sod has been removed and the soil is just soft enough to enable the hounds to bury their nails in the surface without injuring those members, as is the result of running on the hard crust in Union Park, and, at the same time, without interfering with the rapidity of their strides.

Aside from the excellence of the park, the fleetness of the hares and the form of the hounds, it may not be amiss to say a few words of the men who are in charge of the sport. Captain Clarkson, one of the stewards, is a devotee to the sport. He has spent years at the business. J. J. Edmonds, also a steward, yesterday handled the hares, sending them off on the course. He is an adept in the business, a fact which was appreciated on every side. The important work of slipper, which requires intelligence, discretion, agility and integrity, was performed by James Wren, who, for twenty years, has been a chief among people of his calling. His work yesterday was without a blemish. Andrew Dean, the judge, did not have a decision questioned. He acted with conscientious scruples in the attempt to do justice to the owner of every animal.

William M. Kent of this city, one of the field stewards, was on hand and watched out that nothing untoward should take place among patrons or mar the pleasure of the sport.

The next coursing at the Melrose Park will take place next Sunday.

The drawing will take place next Thursday night in Foresters' Hall, 20 Eddy street, San Francisco.

LANDERS STEVENS IS A SUCCESS.

Talented Actor Has Some Clever Shows in Store for the People.

This week at the Dewey Theater, in this city, will be seen an unrivaled production of the great melodrama, the "Fire Patrol." This is a play of life in this country, which, in thrilling interest, is without an equal on the melodramatic stage. It was conceived with the purpose of entertaining the masses who, at times, like a diversion from light comedy and heavy light-male roles. At the same time, there is not an unreal character nor an unnatural situation in the piece. The people who are to be impersonated are, in reality, of flesh and blood and their goodness or badness, as the case may be is intensified by a realism which has not been equalled on the stage.

Among the features which are introduced is a real, working fire engine, manned by real firemen and extinguishing a real fire. There is a host of other scenes all of which are superbly mounted and which will be presented with the greatest effect possible by the Stevens Company. There will undoubtedly be packed audiences every night during the run of this play.

The principal role will, of course be sustained by Manager Stevens and, in it, he will be as acceptable as he always is and the same may be said of the excellent company which will be his support.

In this connection, a few words may be said regarding Manager Stevens who, for several years, has been catering to the amusement of the people not alone of this city but also of this county.

It is no easy matter to run a theater in this city which can satisfy the people. What the theater-goers of Oakland want is a good performance, whether it be in melodrama, light comedy, opera or tragedy. In some respects, they require the standard of merit to be practically as high where popular prices obtain as they do where Eastern regulation rates are charged.

This has been the demand which has been made of Landers Stevens in his management of the Dewey Theater, and it is a demand which he has satisfied to the utmost. He is the only man who has held the Dewey for a series of years giving more than 400 performances a year and establishing it on a basis of permanency which it never had before.

No piece has ever been put on the boards of the Dewey which has not been staged under the supervision of Mr. Stevens himself. No play has been presented which has not had scenery specially painted for it. In addition, when needed, special costumes have been secured at immense expense. This fact, however, has not been considered by Mr. Stevens. His idea has been to give a perfect presentation to the piece consistent with his income, and the result has been the establishment of the Dewey as a permanent home of melodrama here and a gratifying return to Manager Stevens for his enterprise and work.

Mr. Stevens has the support of an excellent company, among whom may be mentioned Miss Fanny Gillett, Lillian Atwood, Mr. Burchall, Edward Holden, Mr. Stewart and a host of others.

Mr. Stevens deserves well, therefore, of the people of this city, and it is sincerely hoped, and of this there is no doubt, that he will continue to enjoy the confidence and patronage to which he is greatly entitled.

Next week he will have T. Daniel Frawley at the Dewey.

OAKLAND HARBOR NEWS NOTES.

Work on Vessels in the Shipyards —A Derelict Row-boat Found.

Several steam and sailing schooners are expected to arrive tonight from the north with large consignments of coal to the various local coal companies. During the week it is expected that a dozen or more vessels of this kind will have come and gone. A large portion of the immense consignments will be received by the John L. Howard Company.

Work in the Shipyards.

Work in the shipyards on the Alameda shore still continues to increase. Although the barkentine Mary Winkelman now undergoing repairs in the Hay & Wright's yard is the only vessel to go on the ways in the last few days, still there is enough to do on the vessels now undergoing repairs and others in process of construction, to keep the present large force of men at work for several months.

The four-masted schooner Samar, now in process of construction at Hay & Wright's yard for Sandes & Keitchman Company is rapidly assuming proportion. Most of the frame is already up, and the work of putting on the sides will be commenced within a few days. The vessel, when completed, will be engaged in the Honolulu trade. Her length from stem to stern will be 180 feet, the beam extreme 38½ feet and the inside depth two heights of 16 feet each. The lower tier of the vessel will be in three lengths. The boat has already been building for the past three months. The time for her completion is indefinite.

Slipped From the Ways.

The work of repairing the Santa Paula is about completed. She has been slipped from the ways with a new coat of paint and with her sides and bottom strengthened.

In all probability she will be turned over to her owners in a day or so.

An Empty Row Boat.

An empty rowboat was picked up in the vicinity of Dickey's shipyard about 10:30 o'clock Saturday night by the night-watchman, C. H. Johnson. In the bottom of the boat were lying the two sculls with which it was propelled. On her bow she bears the name of Augusta, which stands forth prominently against a bright yellow background. Although several theories are entertained and advanced as to her probable owner, no definite clew can be obtained.

Traffic on the Front.

Traffic is increasing daily on nearly all the city wharves. Freight from San Francisco and along the coast is being received daily. Most of the goods are consigned to local merchants. A serious drawback in handling the freight is occasioned by the teamsters' strike. Many of the office assistants of prominent merchants are doing the work of hauling at the request of their employers.

QUERCUS OAK KNOCKED HIM OUT

Ex-Councilman Lemmon Now Carries His Nose in a Sling.

Ex-Councilman Professor Lemmon, known for his devotion to the flora of this favored State, met his Waterloo last evening at Camp Reverie, and of all things not to be expected, met it at the hands, so to speak, of one of the species to which he has devoted a lifetime of study.

On Wednesday morning Prof. Lemmon held his audience, including all the youngsters on the place, interested for two hours talking about the various oaks of California, making especial mention of the quercus lobata, the largest of the valley oaks, and its epiphyte and parasite, the former its enemy in the fact that it takes lodgings only, while the parasite takes both food and lodging at the expense of the tree.

Later in the day, as the Professor and a train of boys and girls at his heels were taking their usual walk to gather specimens for the illustration of the next talk, Mr. Lemmon was attracted by a fine specimen and an epiphyte-and-parasite attacked limb of the quercus oak, draped and deadened into a thing of beauty as well as of botanical interest.

"We will secure it," quoth the professor. But he little reckoned upon the objections which the quercus might have to such an onslaught upon one of its members, diseased and dying though it were.

Accordingly he aimed a mighty and well directed blow at the coveted limb. It fell, and great was the fall thereof, for in its descent, as if with malice aforethought, it took in the professor's nose, laying across it a mark which will recall to that gentleman for many a day his tussel with a quercus oak at Camp Reverie.

Under the skillful hands of Dr. R. L. Hill Jr., Mr. Lemmon's nose soon assumed a less "bluggy" appearance, and if the cross sections of plaster which the doctor applied were not exactly ornamental, the professor's enthusiasm for botany so far exceeded his pride that he was in evidence on the platform exactly at 9:30 the next morning, where he was greeted with sympathetic cries of "Oh, Professor, what is the matter with your nose?" "That," said the professor dryly, and with perhaps the least perversion of accent, "is the result of my encounter with a quercus oak."

NEW SACRED HEART CHURCH TO BE BUILT.

Plans are being prepared by Architect Garin for a new Sacred Heart Church, which is to be erected this winter to replace the structure recently destroyed by fire. The new building will be of brick and will have a seating capacity of 750.

REV. E. R. DILLE LIKES OAKLAND.

Tells His Congregation That He is Glad to Get Home.

Rev. E. R. Dille, pastor of the First Methodist Church, who has just returned from Europe, spoke yesterday as follows:

"During my trip across the water and lands of which we have so often heard, I saw many mighty temples and many vast congregations, but I can say to you all sincerely there is no temple to me like the one in Oakland and no people like our own. This world after all is a small place, and we can now go to the ends of it without great inconvenience. It has grown small through man's mastery of it and the uses he has made of it.

"While I was journeying through those lands of old history, while I visited the spots where our Savior once was, I felt the prayers which you offered for me. They came like the rustling of many wings, and the fact that you prayer for me made me strong.

"I am back now to take up my work, strong and refreshed. I shall enter into it with renewed activity and zeal with your help. May we labor more strenuously than before. I thank you with all my heart."

Dr. Dille spoke in the morning on "A Visit to Gethsemane." He said during the sermon: "It was after nightfall that several of us walked to that spot where the Savior in his terrible ordeal of prayer sweated 'great drops of blood.' As we walked over that very spot where He had trod 1900 years before, the silver moon shone as it did on that eventful night and the very air seemed to quiver with the Savor's cry. It was indeed a profound impression. The other sights of the city are disappointing to the traveler. They are so plastered over with pious fraud and unreality that they are untrue to the sense, but that garden has not changed in the long years. It is still real and true and the same as when He trod in its paths.

TROUBLE ON TRAIN AIRED IN COURT.

Handsome women, a cooing infant, a preacher and policemen testifying for the defense were novelties which occupied the attention of Police Judge Smith for an hour this morning. The case before the court was that of E. E. Leighton, who was arrested on a charge of battery preferred by R. P. Pedler, a brakeman on the Seventh street local train.

It seems that Leighton, Mrs. Lillie Atwater and Mrs. S. Verue boarded the west bound train one evening, taking what they supposed to be the smoker. There were no signs prohibiting smoking, and Leighton drew out his pipe. When he was lighting it the brakeman rushed up and blew out the match, whereupon Leighton struck at him. Pedler says that Leighton hit him; Leighton, corroborated by three witnesses, said he did not. The court believed the latter, and he was found not guilty and discharged.

The only witness for the prosecution was the Rev. James Hulme, who saw the encounter, but could not say whether Leighton had struck the plaintiff or not. Mrs. Verue and Mrs. Atwater, who were sitting with Leighton, swore positively that the blow did not land. The other witnesses for the defense were A. Graw and Patrolmen McKeegan and McSorley, who, contrary to all precedents of the Police Department, had a good word to say for the defense. When McKeegan was on the stand he said that the coach occupied by the interested persons was one generally used as a smoking car.

"How long have you been in the railroad business?" asked Leach.

"I am not in the railroad business," answered the patrolman hotly.

"Mr. Leach had no reference to railroading people to jail," said Judge Smith, and everybody smiled but McKeegan.

Leighton testified that he had not hit the brakeman, and Leach asked him if he were not too much excited to know whether he hit him or not.

"No," answered Leighton. "I did not hit him, but if I had I'd have known it and he would have known it, too."

Judge Smith ordered the case dismissed, and Leighton immediately secured a warrant for Pedler's arrest for using vulgar language. Leighton was represented by Attorney Hugh S. Aldrich.

During the taking of testimony the infant which the women had taken with them became fretful several times, but was quieted by the gymnastics of Clerk Hennessey in the latter's endeavors to attract the little one's attention.

WORK ON THE MARTINEZ COURT HOUSE.

The first work towards the construction of the new courthouse was commenced this week. The vice president and the secretary of the Pacific Construction company, the firm that has the contract to erect the new building arrived in town last Wednesday morning and commenced to lay out the grounds. They were provided with engineers levels and transits, and in a short time had their stakes set—Martinez Gazette.

TIME TO ACT PROMPTLY.

California's reputation is at stake. The telegraphic advices from Seattle announcing that 3,000 cases of California peaches, apples and pears have been condemned becauses they are infected with pests is a matter of grave concern for every interest in the State. The fact, too, must not be overlooked that only a few weeks ago a similar seizure of California products was made in Utah, and that quarantine officers generally were notified to be on the qui vive for infected fruit from this State.

There is little occasion to dilate upon the enormous injury that is wrought to our horticultural interests by these occurrences for we were taught a bitter lesson a dozen years ago upon similar lines. The condemnations that then took place of our scale-infected oranges gave our citrus industry a blow from which it did not recover for many years and our losses in the aggregate amounted to many millions of dollars. So it will be upon the present occasion. It is not alone a matter of the less of the immediate consignments that have fallen under the official ban, but the fact that those markets will be closed to us in the immediate future, for the commission men there will naturally be chary about handling fruits that, if nothing else, cost them the profits they would have made upon sound goods. Then again there is the immeasurable damage attached to having the Associated Press dispatches going all over the country announcing the seizures, for other bidders for business will of course be preferred to those in a contaminated district.

If the pest conditions were general throughout the State it would be a different proposition, but such is not the case. The infection only exists in these spots where in most instances carelessness prevails or has prevailed and where greedy shippers are willing to injure the whole State provided they can clear up a few dollars for themselves. The law of self-preservation demands that this be stopped. The fruit men should take the matter in hand immediately and the State Board of Horticulture should also act officially. Infected districts must be quarantined and a strict surveillance made of all exports. It is not yet a case of "locking the stable door after the horse is gone," for although much damage has already been done still greater future possibilities of evil are existing and they must be checked both effectually and without a moment's unnecessary delay.

The Quartermaster-General of the United States Army says that the government stores are sadly in need of oats. Some of the young officers of the Major Strong type can doubtlessly furnish plenty of the wild variety without any trouble.

STATE FISH PRESERVATION.

All the steps taken by the State authorities have up to date proved ineffective in the work of preventing the decrease in the number of sturgeon in this region, and there is ground for fear that in a short time this valuable food fish will be extinct. As it cannot be readily propagated by the methods adopted in the case of salmon and trout, shad and other varieties of the finny kind, the loss will be a heavy one to our markets. The existing laws for its protection ought, therefore, to be enforced with the greatest strictness.

We are not alone in the way in which we have permitted the destruction of this valuable fish, for the work of extinction has gone forward without let or hindrance all along the Atlantic as well as the Pacific coast, and we find the pisciculturists of Pennsylvania and New Jersey alarmed and acting. For the last ten years the fish have greatly decreased in number in the Delaware river, until it is no longer profitable to fish for them, and the Legislatures of the two States have determined to save what they can. The chief difficulty does not lie in hatching the eggs, but in obtaining them to hatch, as out of six or seven females captured, even after the regular spawning season has begun, only one will be found with ripe eggs.

Our Fish Commission has done excellent work with the salmonidae and there is scarcely a stream that is not well stocked with game fish for the pleasure of the scientific angler, while food species have been well looked after. It now seems to be the turn of the sturgeon to receive some of this attention, for close seasons do not appear to have had the beneficial effect that was expected, and it is clear that without artificial propogation the sturgeon is doomed to follow the dodo, the sea-cow and the buffalo into nothingness or the museums.

JURY FINDS THAT IT WAS A CASE OF SUICIDE

An inquest was held Saturday night on the remains of Henry Behusen, aged 85, who was found dead on the porch of his home, 29 Tobler street, Fruitvale. The autopsy performed by Dr. Carl E. Curdts revealed the presence of strychnine in the dead man's stomach. The deceased had been complaining for some time of severe pains and it is supposed he committed suicide. A bottle of strychnine was found beside the dead man, in a tobacco pouch. He was an old resident of Fruitvale. The funeral was held Sunday.

CENTRAL BANK'S NEW CASHIER.

Henry C. Morris Will Take the Place of the late Charles Yates.

A cashier for the Central Bank to succeed the late Charles R. Yates, who filled the position for eight years, has been chosen in Henry C. Morris, one of the directors.

This selection shows that the Central Bank management is still true to the policy of not making a mistake.

When the bank lost it first president, Captain J. C. Ainsworth, the loss seemed well nigh irreparable, and some thought his place could not be filled, but the difficulty was promptly met by the election of the late John Crellin, who was highly esteemed for sagacity and financial solidity.

When John Crellin succumbed to a complication of disorders, the vacant presidency was filled by the election of his brother, Thomas Crellin, who is a tower of strength financially, and who possesses the confidence and esteem of the community. Thus the Central Bank has had a succession of strong, successful business men for president.

When Charles R. Yates, who had been the efficient cashier for many years, died many wondered who his successor would be, though the wise course of the Bank in the past was a guarantee that it would make no mistake in filling the vacancy.

Henry C. Morris, who has long been connected with the Bank and who is well versed in its affairs has been selected as cashier, and will immediately enter upon the duties of his new office.

Owing to his extensive business interests his friends hardly thought he would accept the position, but he has consented to do so, and whether he holds it permanently or fills it temporarily the financial public can be assured that the policy of selecting only tried and competent officials, is still dominant in the affairs of the Central Bank.

Henry C. Morris, the new cashier, is a man of large means and has been very successful in business. He is a stockholder and director in the bank as is his father, Henry S. Morris. Both are large land owners.

Henry C. Morris is 43 years of age and is well and favorably known in financial circles. His selection as cashier is regarded as a good move for the bank.

He is regarded with the greatest esteem by those who know him best, his close associates having the greatest confidence in his clear head and sound judgment.

W. M. BUNKER TOLD OF WEST.

Oakland Man Made Interesting Speech at the Denver Convention.

At the recent meeting of the Trans-Mississippi Congress in Denver, William M. Bunker of Oakland made an address. In the Denver News of July 22 the following account of Mr. Bunker's remarks is given:

"A striking feature of the Congress was the bringing strongly forward by Mr. William M. Bunker of California, of the broad idea that the success of our struggle for commercial supremacy on the Pacific demands that the vast arid region of the West shall be reclaimed, so as to furnish an abundance of food products to supply the rapidly growing demands of the Asiatic market for American farm products.

"In other words, as he clearly showed, the expansion of our original trade must go hand in hand with the reclamation of the great arid region of the United States.

"This is no mere theory on with Mr. Bunker. He has only recently returned from an extended trip through Asia and Europe, and his conclusions result from his own study and observation. He illustrated his address with many interesting stereopticon views of scenes in Asia, among them a steamer on the Amur river laden with American flour.

"Mr. Bunker showed how American exports to Asia advanced from $36,645,210 in 1898, to $78,235,178 in 1899, and demonstrated the ability of the Orient to absorb any agricultural surplus the United States could create.

"Another important fact emphasized by him was the shifting of Oriental trade centers, as a result of the Chinese troubles by reason of which the old commercial ruts have disappeared, carrying with them the European trade advantages in China that largely rested on custom and tradition.

"His most effective point in illustrating the interdependence of the Asiatic trade and irrigation issues was relative to the inability of the Orientals, more especially the Chinese and Japanese, to increase their natural food-producing resources. For this reason, and because of the Oriental liking for our food products, he stoutly contended, first, that the Oriental market would meet any demand of our food product, surplus, and, second, that the greater the agricultural surplus available for export to the Orient the better would our facilities become for shipping that surplus. The transportation companies are keenly alive to this condition of affairs and realize that they and those having collateral interests with them are therefore in duty bound to foster a strong national movement for the reclamation of the arid lands and the resulting increased agricultural output.

"According to Mr. Bunker, the Oriental trade is the biggest commercial prize of the age, and is so broad in its benefits that the manufacturer on the Atlantic seaboard and in the Middle West has an interest in its expansion equal to that of the best favored farmer on the Pacific Coast. Our largest export item in the Asiatic trade in the fiscal year ending July 1, 1899, was flour from the Pacific Coast, valued at $463,878. But soon after July 1, there was a shipment from the Atlantic seaboard for account of the Chinese Eastern railway of steel rails valued at $1,970,070. An analysis of the exports to the Orient shows that the interest of the Eastern and Southern states in the expansion of the trade with the far East is fully as large as that of the tier of states on the Pacific Coast.

"Mr. Bunker embodied his views in a strong resolution which was adopted by the congress. His address attracted still greater attention from the fact that it came, as it did, just on the heels of the recent interview with James J. Hill, widely published in the press, in which Mr. Hill took a similar position and showed how essential it was to the development of our Oriental commerce that the great West should be reclaimed and populated, and farm products raised on the now arid lands of the West to supply the Asiatic market. In this interview, Mr. Hill declared that through the carrying out of the national irrigation policy a population of 20,000,000 people could be created in the West in a marvelously short period of time.

REV. J. H. VOSBURGH WILL BE ELECTED PASTOR

Rev. J. H. Vosburgh, who has for the past month been filling the pulpit of the First Baptist Church, will in all probability become the permanent pastor of the church. He has made a favorable impression with the First church people and on Wednesday evening at the mid-week prayer meeting a vote will be taken on the election of Mr. Vosburgh as the pastor of the church. There is no opposition to his selection.

UNDER TWO FLAGS AT DIETZ OPERA HOUSE

"Under Two Flags" will be presented at Dietz Opera House Thursday evening, August . The play, which is a spectacular melodrama, is deemed by the New York critics to be of great merit. The performance will be under the personal direction of J. A. Massie, the well known theatrical manager. Miss Felice Davis will appear in the role of "Cigarette." She is a talented actress.

Death of Mrs. Anne Bohl.

Mrs. Anne Marie Bohl died last night at her residence, 659 Fourteenth street. The dead woman had been ill a number of months. Four children, Henry, Carl, Wilbur and Elsie Bohle, survive her. The funeral arrangements have not yet been announced.

Headache may be called a woman's ailment. Some men suffer from it. But almost all women have to endure its pain with each recurring month. This fact points at once to the intimate relation between the health of the delicate womanly organs, and the general health of the whole body. Dr. Pierce's Favorite Prescription banishes headache by banishing its cause. It cures the diseases which irritate the delicate womanly organs, fret the nerves and waste the strength. It increases the vitality and builds up the nervous system. "Favorite Prescription" contains no opium, cocaine or other narcotic.

"I want to praise your medicine," writes Mrs. Sarah J. Burney, of Cresent City, Putnam Co., Fla. "I have been sick for twenty years, and have been almost in bed five years, and now I am able to work all day. I have taken eight bottles of 'Favorite Prescription' and four of 'Golden Medical Discovery' and one vial of 'Pellets.' I praise your medicine to all. I had the headache but it is gone. My throat is well and cough gone, and all my old troubles are better. I tried many other kinds of medicine and four doctors."

DR. BROWN ON LABOR TROUBLES.

Says That the Golden Rule Should be Invoked by Both Sides.

Rev. C. R. Brown, pastor of the First Congregational Church, spoke last evening on the subject: "The Christian View of Modern Labor Conditions." He said in part:

"It is not by the iron rule of giving only that which you have to, and taking all you can, that the labor condition of the present day will be settled, but by the Golden Rule.

"There is a sacredness about all labor. Christ said, 'My Father worketh, I also work,' and the apostle said, 'Work out your own salvation.' This creation is an eternal demonstration of God's will concerning work. It is forever going on.

"Work is sacred when it is done honestly well and with a joyful heart. Today thousands of men are not doing honest work well; some are doing none at all, while other thousands are doing tricky and scanty labor, and the thousands thus laboring are not doing their work with a free heart. They are sullen, despondent and hopeless of all salvation."

RAILROAD COMMISSIONER EDSON OUT FOR GOVERNOR.

URGED BY HIS FRIENDS HE IS NOW MAKING A QUIET CANVASS OF THE STATE—HE HAS MADE A GOOD RECORD IN OFFICE AND IS VERY POPULAR WITH THE FARMERS AND SHIPPERS.

Railroad Commissioner Edson will probably seek the Republican nomination for Governor. As yet he is not an avowed candidate, but he is canvassing the political situation with a view to entering the field. He has many sources of strength, and will make a formidable contest should he decide to enter the race. He has many powerful friends and is especially strong with the shippers of the State, owing to his attitude toward traffic rates in the Railroad Commission. He is an extensive shipper himself, being one of the most successful cattle raisers in California, and has given close study to the transportation question.

Mr. Edson was in Oakland last Saturday taking a survey of the situation in this county. He saw many leading Republicans, and canvassed the outlook so far as the Governorship is concerned. Being entirely removed from factional contentions, and having an admirable public record, he feels that he is a man the Republican party can readily unite upon. Mr. Edson was frank in stating his intention to be a candidate if it was in accord with the sentiment of the party. He has received many gratifying assurances of support in different parts of the State, and in all likelihood will respond to the desire of his friends that he stand for the nomination. But thus far he has done nothing but look the ground over. When he gets down to real work he is a tireless and successful campaigner, as was shown in his fight for Railroad Commissioner against one of the strongest and most popular men in the Democratic party.

E. B. Edson is the present Railroad Commissioner from the Northern District of California, and was known to the members of the District Convention of 1898 as a well-to-do rancher and cattle raiser of Siskiyou county, a man of simple tastes and habits, who had been building up his business in this State for a period of thirty-five years, and who was considered by his neighbors and associates as a man of the strictest integrity and substantial business capacity. The public statement made by Mr. Edson that he did not believe in confiscating the property of the railroad companies, nor did he believe in reducing freight rates without a full investigation of the subject, but that, nevertheless, he would endeavor to do his best to see that the people secured their just rights through the Railroad Commission, was an example of his integrity of purpose and firmness of character.

The short time he has been in office has shown the wisdom of his selection, and the correctness of the statements of his friends and supporters, that he would make one of the most able and sincere State officers that California has had since the Commission was inaugurated over twenty years ago. Every act and every word of Mr. Edson since taking office has been directed by the purpose of showing justice to both the people and the great corporations under investigation, and better still, he has evinced a determination to accomplish something and not remain inactive.

It is in the strictest sense true to say that the people of the State are fully satisfied that the intricate questions and problems involved in the subject of railroad transportation will be properly cared for in his hands. While Mr. Edson is largely interested in the affairs and prosperity of Northern California, he is a man who is ever ready to promote any conservative proposition that promises to advance the interest of the State at large. He is quiet, unassuming and simply practical in his appearance and manner, and his judgment in business affairs is given the highest consideration by the many people who know of him and of his successful career. We have in California, as in other communities, all classes of citizens; some of whom have achieved success as miners, others in professional walks of life and so on throughout the long list of various pursuits, but to none of these is more credit due for the development of our resources than to the farmers and the ranchers of the State, the actual producers of tangible wealth, of which class Mr. Edson is a prominent and respected member.

Mr. Edson was born in the town of Dixon, Illinois, in the year 1838, and when a young man enlisted, during the war between the North and South, as a private in the First Illinois Artillery. Being incapacitated by sickness from further active service, he received his discharge from the army and came to California in 1863, locating in the upper part of the great Sacramento Valley, where he laid the foundation of his present ample fortune. For thirty-six years Mr. Edson has been extending his business of ranching and the handling of cattle, until today, he is the owner of about four thousand acres of land on which is located the little town of Gazelle, and his business transactions average over one hundred thousand dollars annually. This large volume of business, coupled with the strictest integrity in all transactions, large or small, has naturally tended to bring Mr. Edson to the front as one of the important and influential men of the State, and that public office of a high degree should have been offered to him was to be expected.

MEN'S MEETING AT THE Y. M. C. A.

D. E. Collins and R. H. Chamberlain Tell of Their Trip East.

There was a large men's meeting at the Y. M. C. A. Hall yesterday.

Addresses were made by Messrs. D. Edward Collins and R. H. Chamberlain, recent delegates to the Jubilee Convention of the Y. M. C. A. at Boston. Mr. Collins returned from his trip through the East soon after the close of the convention. Mr. Chamberlain prolonged his trip East, spending several weeks visiting many familiar places and meeting a great many old acquaintances in the New England States.

The meeting opened with congregational singing, which is one of the features of the men's meetings. Miss Alice Wood sang "Oh Love Divine," to Mr. Albert Berger's piano accompaniment.

Mr. Collins commenced his address by quoting from the second chapter and fifteenth verse of Hosea, taking it as a basis of his remarks. Mr. Collins referred in more general terms to the all-pervading spirit of brotherhood and of spiritual unity. He also referred to the interest manifested by a great many notable characters throughout the world who had sent messages of congratulation and regrets at their inability to attend the great International Golden Jubilee at Boston. The first message that was read at the meeting was from President McKinley. Mr. Collins vividly described the scene when the message from King Edward VII of England was read. "The great audience arose en masse," he said, "and sang 'God Save the King,' showing that above all national boundaries the spirit of brotherhood alone was recognized. Miss Helen Gould, who has done so much for the causes of the Y. M. C. A., appeared in the Boston audience and was cheered until she was compelled to come forward and present herself. Mr. Collins grew quite enthusiastic when dwelling upon the outlook of the great future of the Y. M. C. A. movement. All present seemed to catch some of the spirit of enthusiasm of the speaker.

Mr. Chamberlain in his brief address gave some personal observations and suggestions gathered during his recent trip. His first visit was to the convention at Montreal then to the Boston Jubilee Convention. Two weeks later he spent ten days at Lake George, N. Y., where he attended the summer convention of Presbyterians. Mr. Chamberlain spoke in detail of the Boston Jubilee Convention, giving his personal impressions of the prominent speakers of the meeting, also of special events, particularly of the grand rally at the closing of the convention. The rally having been led by Fred B. Smith.

"At this meeting," he said, "two hundred and forty men were converted, making a fitting climax to a special convention. Fred B. Smith visited the local Association last February, and will be remembered by scores of young men who were led to Christ." Mr. Chamberlain closed his address by making the statement "that he has scarcely been able to recover from the superabundance of spiritual food."

The men's meetings during the month of July have proven of special interest and a marked increase in attendance is noticeable. Altogether the Association feels very much encourage in continuing the Sunday afternoon meetings, and expects the co-operation of the younger members as well as the old and faithful.

SUPERVISORS ON PUBLIC WORK.

Complaint Filed Against Use of County Roads by Many Reckless Automobilists.

At the meeting of the Board of Supervisors this morning all the members were present.

Applications for relief were disposed of as follows: Rose Armstrong, Alameda, denied, because she owned property; Raphael Main, Pleasanton, referred to Supervisor Horner; Manuel Laveaga, aged 70 years, resident of San Leandro, referred to Supervisor Talcott.

A communication was received from Superintendent Agler of the Southern Pacific Railroad, agreeing to lay the track over High Street for the purpose of removing dredging from the tidal canal, according to the direction of the County Surveyor, and also agreeing to remove the tracks on thirty days' notice from the county.

The communication was filed.

SALOON LICENSES.

John Dugan of Newark made application for a liquor license, but the application was declared irregular because it had only four names of neighboring residents.

The application of F. Falk of Newark was referred to the Judiciary Committee.

The application of Joseph Bernard for a license at Leona Heights was temporarily laid aside because the bond was only in the sum of $1,000, when it should have been in the sum of $2,000.

Liquor licenses were granted to Frank Mosher, East Fourteenth street near East High street; John T. Rice, Warm Springs; D. W. Barrett, Melrose Coursing Park.

REQUISITIONS.

Requisitions as follows were received and disposed of: County Infirmary, for fifty mattresses, 100 pillows and a number of coffee cups, granted; County Clerk, pens, baskets and other supplies, granted; County Assessor, 61,000 cards, granted.

The report of the viewers in the matter of road 3,032 was laid over for one week.

In the matter of the suspension of Mocho School District, which was declared lapsed by the county Superintendent of Schools, because it has had an average attendance of only 5, District Attorney Allen through his deputy, T. W. Harris, reported that the declaration of the Superintendent was in accordance with the law.

Supervisor Horner said that he understood several people contemplated moving into the district.

Mr. Harris said he understood it to be the duty of the Board to make an official declaration of the lapsing. If people, however, were about to move into the district, the matter of a declaration could be put over till another time.

The subject matter was laid over for two weeks.

After this action, a petition was received signed by a number of people asking for a reinstatement of the District. This was based on the fact that there are seventeen census children in the district, and that the attendance during the next term will be not less than seven. The petition was signed by Amos Clark, Tony Farness, Bank of Livermore, D. F. Bernal, H. C. Stahl, Will Herber, Jone Pine, Gage Pine, Anton John, Peter Wilson, Robert Heiggel, Anspacher Brothers, Tony J. Roderigues, C. L. McCoy, Paul Freirendal.

CONTRACTS.

On motion of Supervisor Rowe it was decided to print 500 copies of contract blanks.

PROTEST AGAINST AUTOMOBILES

The following was read regarding the abuse of road privileges by automobilists:

"Centerville, July 26.—I desire to call your attention to the wilful neglect of the rights of those who use vehicles drawn by horses on the county roads of Alameda county through the presumptuous and dangerous manipulation of automobiles on said roads.

"This county, at considerable expense provided the traveling public with good roads for the purpose of pleasure and traffic enabling the farmer or producer to safely move their products. It also provides a means for pleasant family drives which are supposed to be free from extraordinary danger.

"Your petitioner prays that your honorable Board will make an endeavor to regulate automobiles that the right of horse vehicles may be protected from the dangers now so manifest. Your obedient servant.

"C. A. PLUMMER."

The matter was referred to the Bridge and Road Committee.

LOSE FUNDS.

On motion of the District Attorney, through Deputy District Attorney Harris, the suit af the county against the State to recover money expended for the maintenance of indigents and orphans was dismissed. The District Attorney was advised to this action by the Attorney General. The suit sought to recover for the years from 1893 up to and including 1898, the amount of $114,316.66. The suit was brought by a firm of attorneys who expected to realize a fortune out of their commissions. The attorneys, however, were knocked out in the incipient move, hence this disposition of the matter.

SPRINKLING PLANT.

Bids for a sprinkling water plant near Mt. Eden were opened as follows: E. B. Stone, $4,948; Ernest Anderson, $3,983; Jacob J. Thorup, $3,815.

Thorup, the lowest bidder, said he would require at least sixty days in which to begin the work.

Mr. Talcott said that would extend the time beyond the sprinkling season.

On motion of Mr. Talcott all the bids were rejected.

Adjourned.

REASON UNBALANCED SHE GOES TO ASYLUM.

Mrs. Bertha A. Jacobs, a widow, aged 44 years, was committed to the Stockton Insane Asylum this morning by Judge Melvin upon recommendation of Drs. Blood and Childs, who acted as Lunacy Commissioners.

Mrs. Jacobs formerly conducted a lodging-house in Marysville. Recently she was taken ill and sent for her son. He, however, was unable to leave his business to go to her. Mrs. Jacobs then sold her business and came to this city. Last Friday she engaged a room at the Arcade House on San Pablo avenue. During the night she began screaming for help. The landlady responded and found the woman in the hall with a revolver in her hand. Mrs. Jacobs declared that a man had been trying to force his way into her room. Her subsequent talk convinced the landlady that the woman was mentally unbalanced. Police Sergeant Green was summoned and placed Mrs. Jacobs in custody.

To the Lunacy Commissioners Mrs. Jacobs stated that the same persons had been pursuing her for weeks and that they bothered her whenever she was alone. On other subjects the patient seems to be rational. Her son is married to the daughter of Mrs. Henrietta Goldman of 1200 Twenty-ninth street, San Francisco.

LOST BUSINESS AND WIFE AND IS INSANE.

The loss of his wife, combined with business trouble, has caused Louis Wanner of Alameda to become a raving maniac. He suddenly lost his reason last night while on the ferry boat returning from San Francisco to Alameda. While walking on the deck he suddenly threw his hands up in the air and commenced to rave about his troubles.

Sergeant A. Kamp of the Alameda police took charge of the man and took him to the Receiving Hospital. He was examined this morning by Drs. Tisdale and Keys and later committed to the Napa Insane Asylum by Judge Melvin.

Wanner and Mike Spies are proprietors of the Tivoli Saloon in Alameda. About a month ago his wife died. Since then Wanner has been constantly brooding over his loss and has slept very little at night. Added to this, business troubles arose and he commenced negotiations to purchase the interest of his partner in the saloon. He failed, however, to raise the necessary money. Under this strain Wanner's mind began to fail about four days ago. On Saturday he told his partner that he was going to discharge him, but he could continue to work if he would accept $1 a day for his services. Wanner now imagines the Masons are trying to harm him. He is 42 years of age.

QUARRYMAN KILLED BY A FALLING ROCK.

Manuel Domingos Silva, a Portuguese quarryman, aged 38 years, died at the Receiving Hospital this morning. He was struck on the head yesterday by a falling rock at Hodgkins & Ransom's quarry in East Oakland. His skull was crushed by the blow. He leaves a wife and four children who reside on Twentieth street between Twentieth and Twenty-first avenues.

CONTRA COSTA BRINGS SUIT.

Seeks to Compel the Auditor to Pay the Bills Due.

The Contra Costa Water Company, through its president, William J. Dingee, today filed a second petition for a writ of mandate to compel City Auditor A. H. Breed to audit the bills for water supplied to the city during the last year.

The bills aggregate about $28,000. When they were presented to Auditor Breed the first time he refused to audit them. Suit was brought to compel him to audit the bills, but the action was subsequently dismissed.

The bills were again passed by the Board of Public Works and the Board of Police and Fire Commissioners and again submitted to Auditor Breed for approval. He, however, again refused to audit the claims.

The action now brought is to compel the Auditor to pay claims for water supplied under the former rate.

It is asked that the Auditor be either compelled to audit the claims, or show cause why he should not do so. The attorneys of the Water Company are Page, McCutcheon, Harding & Knight and Reed & Nusbaumer.

COLUMBIA WINS THE RACE.

BATEMAN'S POINT, R. I., July 29.—In a ten knot breeze and with other indications promising good races, fifteen sloops and yawls and three schooners came out of Newport harbor before 10:30 o'clock today to compete in their respective classes for the Astor Cups for sloops and schooners, valued at $1,000 and $500 for each class respectively.

The starting signal for sloops was given at 11:05. The apparent starting time of the two big yachts, as seen from the shore, was: Constitution, 11:07:45; Columbia, 11:08:10.

The starting gun for schooners was fired at 11:10. The apparent starting time for schooners was: Corona, 11:11:30; Quizetta, 11:12:50; Elmina, 11:13:05.

BATEMAN'S POINT, July 29.—Columbia wins, crossing the finishing line at 2:54:33.

Constitution finished at 2:56:47.

BATEMAN'S POINT, July 29.—Just before the Columbia finished the Independence came in under the same sail and practically sailed the same course as the two Herreshoff boats for the last few miles of the race. She did not seem to drop back at all, in fact seeming to gain a bit on the other yachts.

BATEMAN'S POINT, July 29.—The old cup defender Columbia won the $1,000 Astor Cup today, leading the new aspirant for cup honors, Constitution, at the finish, by 2 minutes 14 seconds, shore time. The race was sailed in a fine breeze from the north, the course being a triangular one of 38 miles. The Constitution got over the line first and the two 90-footers had a hot race around the first mark and well down to the turn.

BATEMAN'S POINT, July 29.—3:40 P. M.—Official time of finish was:
Columbia, 2:54:38.
Constitution, 2:56:51.

The Corona, first of the schooners, crossed the finish line at 3:42:55. At that time she was 16 minutes and 15 seconds ahead of the Elmina, the second boat. As Corona has to allow Elmina something like 15 minutes, it is impossible to say now which wins the schooner cup.

BATEMAN'S POINT, July 29—4:05 P. M.—The Elmina crossed the finish line at 4:00:10, 17 minutes and 15 seconds behind Corona. It looks as if Corona had won the schooner cup by a small margin.

Our plan of investment cannot help but meet with the approval of any business man or woman; it is simple. The Company sells you 100 shares of stock for $25, or 25c per share, the par value of which is $1 per share or $100. This stock is not assessable for any purpose. Upon the payment to the Company of $25 cash, or installment, they will issue to the purchaser a certificate of stock for 100 shares of its capital stock. The Company then gives the purchaser a written agreement to allow him 50 per cent advance for said 100 shares of stock after the first year from date of purchase to apply upon the purchase price of any piece of property he desires to buy, owned by the Company. Purchasers may buy 100 shares of stock on installments, as follows: $5 cash and $5 per month thereafter until paid for. Larger amounts of stocks in proportion and upon the same terms.

GROWING IN POPULARITY.

The present season has been the most successful in the history of the Hotel Cooper at Haywards, and nearly every room has been steadily occupied since the opening of the season. There are still a large number of guests registered there, and mine host, Mrs. Cooper, may well feel proud of the deserved popularity of this favorite hostelry.

The young man was lifted out from where he had fallen and taken to his home, where the broken rib was set by Dr. Tormey.

CATHOLIC NEWS OF OAKLAND.

Mother Baptiste Celebrates Her Golden Jubilee in the North.

The girls department of Sacred Heart school, Fortieth and Grove streets, will reopen Monday morning.

Studies will be resumed in the boys and girls department of St. Francis de Sales parochial school at 9 o'clock next Monday morning.

The parishioners of St. Columba's Church, Golden Gate, will enjoy their first annual outing and reunion at Shell Mound Park next Wednesday. The committees in charge of the preliminary details have completed their labors and report a lengthy program of games and amusements and many gate and game prizes. The success of the outing is assured as the advance sale of seats has been very large.

Mother Baptist, mother superior of St. Mary's Academy, and College of Portland, Oregon, and the first superioress of Sacred Heart Convent, this city, celebrated her golden jubilee in Portland, Oregon, last Wednesday. Mother Baptist is beloved by a host of friends in this city whose love and esteem she won by her kind and untiring labor and zeal in the advancement of Catholic education.

Mother Baptist came to Oakland in 1868 as the first superioress of the Sisters of the Holy Names. Immediately after her arrival in the then sparsely settled city, this good Sister began the advancement and improvement of the conditions surrounding the teaching orders in those days. She encountered and surmounted many difficulties, and the beautiful chapel and convent of Our Lady of the Sacred Heart, on Webster street, is a grand testimonial of her unceasing labor.

In 1896 Mother Baptist was recalled to the mother house of the order in Montreal, and elected to the position of Mother-General. At the close of her term as Mother-General, in 1895, she was appointed Provincial Superior of the province of Oregon, with headquarters at Portland, which position she occupies at present.

The Mother-Provincial is beloved by a host of friends throughout the United States, and especially in California and Oregon, where the greater part of her life has been passed. Many of the nuns who now guide the destinies of the order on the Pacific Coast, received their early training under the direction of Mother Baptist.

Rev. Michael King, pastor of Immaculate Conception Church, and Rev. Lawrence Serda, pastor of Sacred Heart Church, left in the early part of the week to attend the ceremonies of the golden jubilee of Mother Baptist. After the jubilee celebration they will making a tour of the Northwest.—Monitor.

SCHOOLS OPEN IN ENCINAL.

The Enrollment Will be Much Larger Than Last Year.

ALAMEDA, July 29.—With the opening of the schools today four new rooms were brought into use to accommodate the rapidly increasing enrollment. Two of the rooms are located in the old church on the Haight school grounds; one at Everett school, while the fourth is situated in the old Justice Court on Oak street. The four new rooms will accommodate 160 extra pupils. Superintendent Hughes says it will be impossible to tell the exact enrollment for several days, as the children do not all report the first day. He says, however, that there will be a large increase over last year, but thinks the new rooms will hold the extra pupils. The last enrollment was between 2,400 and 2,500. This year it will no doubt be between 2,500 and 2,700.

Superintendent Hughes says there are a great many strangers in the schools, being principally from San Francisco, San Jose and Fresno.

Two teachers, Miss Irene Stephenson and Mrs. M. E. Chase, are absent. Miss Stephenson is in New York and will return next Monday, while Mrs. Chase is ill.

RACING ON THE ROAD AT FRUITVALE.

FRUITVALE, July 29.—Fruitvale avenue is becoming quite a speed track. Several interesting races occurred on the road last week, one especially was that of H. A. Pleitner and Mr. Saxton, prominent real estate men of this place. Both gentlemen own trotters and when the long clean stretch of Fruitvale avenue loomed up in front of them, the temptation was too great, they had to run. The rattle of the horses' hoofs as they went by brought out the citizens to see the fun, and by the time the depot was reached they had a large audience scattered along behind. Mr. Saxton won, both times, but Pleitner hopes to meet him again and square up.

HAYWARDS, July 29.—Work at the cannery is rushing.

Between 400 and 500 people are at work on apricots. The best run made last week was between 1,600 to 1,700 cases per day. The fruit warehouse is nearly half filled with canned fruit.

More cottages are being erected to accommodate the newcomers.

The new pear shed is completed and in use.

The local railroad station is now the busiest place in town, except the cannery. Hundreds of cars of fruit are being shipped out and every one is kept busy.

FIRE DESTROYS SOME VALUABLE PROPERTY.

LIVERMORE July 29.—A fire was started in the pasture between here and Tesla on Saturday and before it was extinguished nearly 6,000 acres were burned over. The flames at one time were within a hundred feet of John Mulqueeney's large barn that was filled with hay, but by almost superhuman efforts the building was saved. Johnson's shearing sheds were in immient danger and several small buildings and cabins were nearly destroyed. A large number of Tesla coal miners were called out to fight the flames and it it almost incredible that there was no loss of life. The fire is said to have been started by some one passing carelessly throwing a lighted cigarette on the road side. The loss is quite heavy to the owner of the pasture, as feed is getting scarce in the burned section owing to the numerous fires this season. The loss will amount to over $2,000 with no insurance.
